Work Experience

Aarhus University (AU)

Ph.D. Fellow; Department of Economics and Business Economics

Aarhus, Denmark

Since 09/2024

Fraunhofer Institute for Applied Information Technology (FIT)

External Research Fellow; Microsimulation & Econometric Data Analysis

Sankt Augustin, Germany

Since 03/2024

- Developed and maintained a SOEP-based estimation model to evaluate the effects of student funding, utilized for my Master's thesis and still in use at the institute (full-time).
- From 09/2024 onwards: Collaboration on specific estimation and model development issues on a freelance basis.

RheinMain University of Applied Sciences (HRSM)

Researcher (R1 - Freelance); Public Sector Digitization

Wiesbaden, Germany

09/2024 – 03/2025

- Led a workstream on data collection and analysis regarding CDOs in the DACH region in a research-based consulting project financed by Conceptboard Cloud Service GmbH, collaborating with Prof. Christian Schachtner and Norbert Barnikel.

KPMG AG WPG

Associate (0.6 FTE); Public Sector Consulting

Hamburg, Germany

07/2023 – 01/2024

- Managed and enhanced a SQL database in a federal IT security project by refining both the front- and back-end systems. This significantly reduced search times and improved data reliability.
- Developed and implemented multiple SQL and Python scripts to automate key work-streams.
- Achieved exceptional utilization rates, reaching 107.9 % of available hours and 92.4 % of total hours.

Fraunhofer Institute for Applied Information Technology (FIT)

Intern; Microsimulation & Econometric Data Analysis

Sankt Augustin, Germany

05/2022 – 07/2022

- Estimated the costs, financial requirements and number of funded students by Germany's BAföG (student aid) based on (possible) legislative changes to advise the Federal Ministry of Education and Research (BMBF).

KPMG AG WPG

Intern (4 mos.) & Working Student (3 mos.); Public Sector Consulting

Hamburg, Germany

09/2021 – 03/2022

- Developed KPIs and a Cybersecurity Maturity Model to strategically control the information security in a large IT consolidation project for federal authorities.

Federal Ministry of Finance (BMF)

Intern; I D 1 - G7/G8, G20, Global Economy, Money and Currency issues; Task Force C19

Berlin, Germany

03/2021 – 04/2021

- Analyzed data on COVID-related corporate aids (1M+ observations) to estimate its impact on corporate insolvencies. The results were included in various direct submissions to the Minister and Secretaries of State.

Education

Aarhus University (AU)

Ph.D. Economics

Aarhus, Denmark

Since 09/2024

Vienna University of Economics and Business (WU)

M.Sc. Economics (Science Track, which includes first year PhD courses)

Vienna, Austria

09/2022 – 08/2024

Aarhus University (AU)

Exchange (during M.Sc.)

Aarhus, Denmark

09/2023 – 01/2024
